

## **Your Bathscape Woodland Advisor: Jon Clark**

Jon has worked with woodland owners over many years to provide solutions to managing woodlands and making them pay. Jon works flexibly to realise landowner objectives, maximising grants and other support, and is committed to getting things done.

If you have woodland in the Bathscape area, however large or small Jon can provide the following free services:

- Advice on woodland management and tree & woodland planting
- Preparation of Forestry Commission approved Woodland Management Plans & Felling Licences
- Applications for Countryside Stewardship grants to manage, improve and plant woodlands
- Applications to the Woodland Trust to fund small-scale tree planting
- Links to local volunteers to undertake small-scale woodland improvements
- Links to timber users, businesses and contractors.

Interested? Then please get in touch with Jon on [jonclark@forestofavontrust.org](mailto:jonclark@forestofavontrust.org), or give him a call on (0117) 963 3383 or 07691 461929.

## **Your Bathscape Grassland Advisor (Stewardship support): Mark Smith**

Mark is the Senior Farm Conservation Adviser at FWAG (Farming & Wildlife Advisory Group), where he has worked since 2001, and has a background in farming.

He will contact those agricultural holdings in the Bathscape area containing priority grassland that have either no stewardship agreement or whose existing stewardship agreement is coming to an end. He will offer these landowners free advice and support, to produce mid-tier or higher-tier Countryside Stewardship applications and stewardship renewals at priority grassland landholdings.

Contact Mark on 07764 659484 or [mark.smith@fwagsw.org.uk](mailto:mark.smith@fwagsw.org.uk).

## **Your Bathscape Grassland Advisor (Outside stewardship): Tim Curley**

Tim is Avon Wildlife Trust's Living Landscape Project Manager and has spent his whole career in land management advice and delivery.

Tim will work with landowners of grasslands, outside of farm businesses. He is interested in areas of existing wildflower rich grassland or those that have the potential to be so. He will provide tailored management advice together with support for improved management and will be looking for areas of potential meadow creation. He'll be working closely with the team of grassland restoration volunteers.

Contact Tim via Avon Wildlife Trust on 01179 177 270 or [tim.curley@avonwildlifetrust.org.uk](mailto:tim.curley@avonwildlifetrust.org.uk).

**All advisors can give guidance on Bathscape small grants and possible help from Bathscape volunteer work parties.**
