Help us make Innnox park a great place for wildlife

Join us for a lovely few days in Innnox Park for practical conservation. Thursday 12th September 10:30 – 2:30. Learn to scythe and help to cut the long grass around the edge of the park

Tuesday 17th September 10:30-2:30. We will be raking up the cut grass and spreading wildflower seeds to help attract more insects like bees and butterflies to the park

Tuesday 24th September 10:30- 2:30 . We will finish spreading seeds and plant plug plants .

No sign up required, just turn up. All equipment provided, no experience needed, dress for the weather and bring any refreshments required
